National criteria of transfers: Transfer of title (according to explanatory note (f)).

Notes: 1. Additional information on transfers involving the USA can be found at http://www.state.gov/t/isn/unreg/.

2. No data is included on Unmanned Aerial Vehicles (UAVs). This omission is done without prejudice to the issue of whether or not they are captured under the existing categories.

BACKGROUND INFORMATION

General Assembly resolutions 46/36 L (paras. 10 and 18), 47/52 L (para. 5), and 49/75 C (para. 4) invite all Member States to provide background information on relevant policies, national arms import and export procedures, both as regards arms transfers and prevention of illicit arms transfers.

Accordingly, previous submissions of the United States contained such information, which continues to be relevant.

The United States of America considers that its transfers of military equipment occur at the time ownership title for the equipment is transferred between the USA and another country. The 2009 submission therefore includes equipment whose title was transferred during the 2008 calendar year.

The national point of contact for information related to the United Nations Register of Conventional Arms is the Office of Conventional Arms Threat Reduction, Bureau of International Security and Nonproliferation, U.S. Department of State. The phone number for this office is 1-202-647-0397, the fax number is 1-202-4232, and the E-mail address is UNRegister@state.gov.
